

DO NOT WEAKEN THE WISCONSIN NO-CALL LAW!!! The Federal law should instead be as strong as the Wisconsin law! Our homes are our sanctuaries - we do NOT want to be pestered by ANY telemarketers! 80% of Wisconsin households cannot be wrong on this issue. Regarding the banking industry's request, if I change banks, it is for a good reason and I do NOT want to be pestered by someone trying to get my business back. In fact, if any company were to call me, they would NEVER again get any business from me. We are very thankful that the Wisconsin law is very effective - LEAVE OUR LAW AS IT IS!!!
